

## Getting to and Logging in to School World's Teacher Pages

You can access the log-in page directly from <http://bas.k12.mi.us/staff> or follow the link from the employee login page or Lynette's technology page

The screenshot shows a login interface with a red header bar labeled "Login Screen". Below the header, there are three input fields: "First Name", "Last Name", and "Password". A "Login >" button is positioned below the password field. A link for "forgot password?" is located below the login button. A red apple icon is visible in the bottom left corner of the login area. A text box on the right contains the instructions: "Type your first name, last name, and password. Then click Log-in".

This will bring you to the main page.

The screenshot displays the "Management Area" for "Miss Daig's Site". At the top right, there are three buttons: "MAIN MENU", "VIEW SITE", and "LOGOUT". The main content area is divided into two columns: "My Site Content" and "Active On Site". Under "My Site Content", there are two sections: "Miss Daig's Home Page" and "Classroom News", each with options to "change icon", "edit", "add a sub page", and "edit sub pages". The "Active On Site" column shows two status indicators: "Always On" and "Turn OFF". A "HELP MANUAL" button is located at the bottom left of the main content area. A text box on the right explains: "At anytime, you can return to this main menu by clicking on this button" (pointing to the "MAIN MENU" button) and "As you work on your site, you can click 'View Site' to see what your site looks like." (pointing to the "VIEW SITE" button). Another text box at the bottom left states: "There is a Help Manual available if your find that you don't know how to do something." (pointing to the "HELP MANUAL" button).
